Green Apples Arriving Here for Purposes of Cook-

Large shipments of Georgia and Caro-

lina peaches are being received in Washington today, the vanguard of still larger quantities to come, as the bulk of the early peaches used in Washington and in nearby towns come from Plums are in strong evidence, the ma-Jority of them coming from Carolina

points. They are wholesaling at from \$2 to \$2.50 per crate. Large consignments of Florida and Georgia watermelons are being received. The Georgia varities promise to be of good quality, but those received from Florida lately are not so good, as the wet weather of the last few weeks has caused them to

the last few weeks has caused them to blight and decay.

Blackberries are not so plentiful today, dealers explaining that it is "between seasons" for the Carolina and the local berries. They are bringing better prices than a few days ago, but the enormous local yield indicates that they will be chean before the season. they will be cheap before the season Raspberries also are shown in considcrable quantities, that crop being good locally. The red raspberries sell at 25 cents per quart, the black raspberries bringing 20 cents. Blackberries are sell-

ing at about two boxes for a quarter.
The first shipments of green apples for ples are received, retailing at the rate of 40 cents per peck. The following average of prices is

Woman With Marvelously Beautiful Hair Gives Simple Home Prescrip-tion Which She Used With Most Remarkable Results.

I was greatly troubled with dandruff and failing hair. I tried many advertised hair preparations and various prescriptions, but they all signally failed; many of them made my hair greasy so it was impossible to comb it or do it up properly. I think that many of the things I tried were positively injurious and from my own experience I cannot and from my own experience I cannot too strongly caution you against using preparations containing wood alcohol and other poisonous substances. I be-lieve they injure the roots of the hair. After my long list of fallures, I finally ocaliand, Md. for the summer, anyling Mrs. Charles Thorn, Miss McLaughlin, the latter's grander, and Miss Mabel Sinclair, all thington.

Control of the board of directors any local control of the board of directors and the prescription which I can unhesitatingly state is beyond doubt the most wonderful thing for the hair. I have ever seen. Many of my friends have also used it, and obtained wonderful effects therefrom. It not only is a powerful stimulant to the growth of the hair and for restoring gray hair to its natural color, but it is equally good for removing dandruff, giving the hair life and brilliancy, etc., and for the purpose of keeping the scalp in first-torm. I have a friend who used it two months and during that time it has not only stopped the falling of his hair and wonderfully increased its growth, but it practically restored all of his hair to its natural color. You can obtain the ingredients for making this wonderful preparation from almost any druggist. The prescription is as follows:

Bay Rum, 6 oz.; Menthol Crystals, ½ Bay Rum, 6 oz.; Menthol Crystals, 1 drachm; Lavons de Composec', 2 oz. If you like it perfumed add a few drops of To-Kulen Perfume, which mixes perectly with the other ingredients. This, nowever, is not necessary. Apply night and morning: rub tho:-

Apply hight and morning; rub thos-cughly into the scalp.

Go to your druggist and ask for an eight ounce bottle containing six ouncer of Hay Rum; also one-half drachm of Menthol Crystals, and a two-ounce bot-tle of Lavona de Composee'. Mix the ingredients yourself at your own home. Add the Menthol Crystals to the Ba-Rum and then pour in the Lavona de Composee' and add the Te-Kalon Perume. Let it stand one-half hour, and t is ready for use. People's Pharmacy, the well known

and popular druggists of this city, have filled this formula for many of their patrons and state that the satisfaction from its use is so great that they have found it necessary to make special provision to fill the prescription promptly and carefully.
